1. INTRODUCTION

1.1. Philosophy

Rowing South Australia (RSA) strives to produce high performing State Teams that consistently produce podium performances.

1.2. Objective

The objective of the Selection Policy is to select crews fairly who will produce podium performances.

1.3. Strategy

- 1.3.a** Recruit and retain talented athletes and coaches who will advance rowing performances and inspire continual growth in the State.
- 1.3.b** Provide clear and appropriate policies and processes.
- 1.3.c** Appoint selectors and coaches who remain transparent, nonbiased, achieve all essential attributes and who are 100% committed to the Philosophy.
- 1.3.d** Alignment and delivery of Rowing SA's development and performance pathway model and programs which have real purpose.

1.4. Application

- 1.4.a** The Selection Policy applies to all Athletes, Coxswains and Coaches referred herein as "Participants" who nominate for selection in the South Australian State Team consisting of Pathway, Interstate and Masters.
- 1.4.b** All Participants are bound by the policies of RSA which can be found on the [RSA Website](#) including the Selection Policy, Event Requirements and Appeals Policies as well as Code of Conduct and must satisfy their requirements.
- 1.4.c** It is the responsibility of all Participants who seek selection to familiarise themselves with the Selection Policy.
- 1.4.d** This Policy and the related Event Requirements are structured to work within the Rowing Australia's (RA) Event Requirements.
- 1.4.e** Participants based at the National Training Centre (NTC) will be granted exemption from State Team Selection Event Requirements.
- 1.4.f** Participants based interstate must attend and participate in all selection events. Alternative arrangements and/or processes may be negotiated at the Selector's discretion.

2. GUIDING PRINCIPLES OF SELECTION

2.1. Mandatory Requirements

- 2.1.a** All Participants wishing to be considered for selection must be eligible and nominate via the [RSA website](#) by the due date outlined in the Event Requirement for the nominated boat.
- 2.1.b** Participants will not nominate for a specific crew. Selectors will allocate participants to a crew based on their performances and their ability to best support that State crew.

2.1.c All Participants must;

- i) be a current financial and registered member of RSA or another State Rowing Association.
- ii) be a current financial member of RSA with no outstanding debts.
- iii) be eligible to represent South Australia under the RA [Rules of Racing](#) 2023 edition, Rule 17.3 State or Territory of Origin.
- iv) fulfil any other criteria which may be determined necessary by RSA from time to time.
- v) meet the requirements of the [Worlds Anti-Doping Agency](#) and [Sports Integrity Australia](#).
- vi) not race in more than two races on the same day as the Interstate Regatta.

2.1.d All Coaches must hold a current Coaches Accreditation under the [National Rowing Coaching Accreditation Scheme](#). A minimum level 1 is required but level 2 or 3 is desirable. Coaches must maintain a current registration with Rowing SA, plus, be a current coach at an affiliated club/school, or a National Institute Network (NIN).

2.2. Primary Selection Criteria

The Selection Criteria that must be considered by the Selectors in selecting rowers and coxes for the SA State Team include the following:

2.2.a performance in trialling and competition specified in the Event Requirements;

2.2.b current national and international performances (for NTC Athletes)

2.3. Further Selection Criteria

When the primary Selection Criteria do not provide sufficient evidence to make a conclusive selection decision, the Selectors may consider one or more of the following further Selection Criteria in selecting rowers and coxes for the State Team:

2.3.a past national and international performances;

2.3.b the Athlete's current level of skill and physical fitness;

2.3.c any current injury or condition, which will impair or prevent the Athlete's performance;

2.3.d factors relevant to crew combination, namely crew compatibility, technical compatibility, and team balance and harmony;

2.3.e relevant rowing conditions in relation to any trialling or results (e.g., wind and stream effects);

2.3.f coach input;

2.3.g potential development of crew combinations for subsequent State Teams;

2.3.h equipment breakages or malfunctions;

2.3.i for lightweight and coxes only, maintaining specified weight profiles;

2.3.j for coxes only, consultation with rowers;

2.3.k for reserves only "athlete versatility" which shall mean performances that demonstrate an athlete's ability to row on both bow and stroke sides.

2.4. Consideration of Data and Information

In applying any of the Selection Criteria, the Selectors may consider results and reports recorded from collated data and information including ergometer results, past race results, medical tests or considerations, training camps, ability to maintain required training loads, and weight profiles (for lightweights and coxes).

2.5. Extenuating Circumstances

- 2.5.a** In considering the performances of Participants at events, trials, training camps or other attendances required under the Selection Policy or the Event Requirements, the Selectors may in their discretion give weight to Extenuating Circumstances.
- 2.5.b** Any Participants unable to compete at events, trials, training camps or satisfy other attendances required under the Selection Policy or the Event Requirements must advise the selection panel via email, including all relevant reasons. The written advice must where practicable be given within 24 hours of the commencement of the event, trial, training camp or other attendance and in all other cases within a reasonable time of becoming aware of the failure to meet the requirement.
- 2.5.c** In the case of illness or injury, Participants will be required to undergo a medical examination by a medical practitioner or other health professional and must provide a medical exemption to the selectors and in particular circumstances, medical clearance.
- 2.5.d** Where any Participant seeks consideration of Extenuating Circumstances, a decision in each case will be made by the Selectors in their sole discretion on an individual basis.

2.6. Selectors' Discretion

- 2.6.a** The Selectors have discretion in selection of Participants to, or removal of Participants from, a State Team having regard to the Selection Criteria.
- 2.6.b** The Selectors may apply a standard which calls for a value judgment and overall assessment of the relevant criteria. In the exercise of their discretion, the Selectors are expected to bring to account those matters within the criteria that they consider to be relevant to the determination, in achieving the overall objective of the Selection Policy. When comparing Participants performance, the predominant function of the Selectors' discretion is to determine the relevance of each of the Selection Criteria and the weight attributable to them. For the Selectors to exercise their discretion prudently, judiciously and with sound judgment they are required to:
- i. act reasonably and justly;
 - ii. act in good faith and for proper purposes;
 - iii. consider the Selection Criteria; and
 - iv. consider the relevant materials and disregard irrelevant considerations.

2.7. The Event Requirements

- 2.7.a** The Event Requirements shall form part of the Selection Policy and shall bind Participants who nominate for consideration for selection to the State Team and RSA may issue the Event Requirements wholly or partially by way of updates or bulletins/emails.
- 2.7.b** Without limiting the Selectors discretion in deciding what material is relevant for inclusion in the Event Requirements, RSA may nominate a Priority Boat or Priority Boats. RSA may also, as a matter of policy, elect not to send a boat or boats to an event in which case it shall announce such election. To the maximum extent possible, RSA will make these announcements as soon as practicable in the circumstances for the event.
- 2.7.c** On occasion, progression through the Event Requirements will be subject to invitation by the Selectors to the next stage of the activity plan within the Event Requirements. The Event Requirements may specify the way progression and invitation is determined. Selectors will consider the Selection Criteria set out in the Selection Policy and use their discretion in inviting Participants to progress to the next stage.
- 2.7.d** Event requirements are available on [RSA Website](#)

BACKGROUND

The RSA State Team Selection Policy outlines the broad selection criteria for all rowers and coxswains and can be viewed on the [RSA website](#). This document operates as an appendix to the Selection Policy and states the minimum expected benchmarks for each crew in the Interstate Regatta.

PROCESS

RSA acknowledges the State Team is in a growth and development phase and therefore has made adjusted benchmarks for the Interstate Crews. The table below states the minimum expected times for any crew to be selected.

Please note the following:

- Benchmark times are a guide for a selected crews potential to achieve 5th place or better. This is the minimum expectation to be sent to the Australian Rowing Championships. If the crew does not meet the minimum benchmark, it is at the selector's discretion and with the Boards approval a development crew may be sent.
- A 1% allowance has been applied to account for the "slower" West lakes water.
- Benchmark speed order trial is to be conducted in still conditions or with a tail breeze over 1500m.
- This benchmark will be reviewed each year and change depending on results at the Australian Rowing Championships.
- This benchmark provides accountability and standards to both selected crews and coaches.
- PR1X is based on fastest time due to lack of results. This will be considered when applying this benchmark. All other crews are based off the 3rd fastest time.
