

Circular

Title: Smoking and Vaping Changes – effective 1 March 2024

Document ID: C24008

To: All Clubs and Schools – Presidents/Secretaries

Date: 7th March 2024

From 1 March 2024, under the Tobacco and E-Cigarette Products (Smoking Bans) Amendment Regulations 2023 come into effect in South Australia.

Included in these new laws is a ban on smoking and vaping in all public areas at or within 10 metres of a sporting venue at all times during which:

- a) an organised underage sporting event is being conducted; or
- b) a training or practice session to prepare for participation in an organised underage sporting event is being conducted.

Due to the nature of the Rowing SA facility at West Lakes and many of your regional and metro boatsheds, which provides a training environment for many underage athletes and students 7-days a week, the following changes are now in place regarding the Rowing SA facility:

- no smoking or vaping is allowed at any time within the red area in Image 1, and
- for during regattas, no smoking or vaping is allowed at all times within the red area in Image 2
- The 10m boundary will exist for all 'away events', and will comprise the facility, regatta course and Council reserves hired for the event.

Please see the diagrams on page 2

Kind regards,

Christine Newberry
