- Lightweight athletes that do not make weight requirements will be permitted to compete as a heavyweight athlete in their event.
- Lightweight events will not be available for Under 19 or Para categories.

#### **Para Athletes**

- PR1, PR2, PR3 categories will be available to para-athletes.
- More information on Adaptive or Para Rowing classifications is available HERE
- Some equipment can be provided by prior arrangement please contact the Rowing SA Office (8242 3288 or admin@rowingsa.asn.au)

### RACE DRAW

The race draw will be available from the Rowing SA Website (HERE) and emailed to all competitors on the Thursday prior to competition.

#### RACE DAY

### Check In

All competitors must check in at the competition desk a minimum of 15 minutes before their scheduled race start time with current photo identification.

# **Warm Up**

A separate warm up area with machines will be provided. Warm up machines will be limited. Please ensure that priority is given to athletes in earlier races.

# Competition

- Competitors must use their allocated machine.
- Competitors may access their machine 5 minutes prior to their event and must be seated on their machine a minimum of 2 minutes prior to their event.
- Event Officials will issue a call across the event address system at 5 minutes to start time and again at 2 minutes to start time.
- Each competitor will be permitted one support person within the Competition Zone.
- Once the race has commenced this support person must remain seated in the chair provided.
- At 1 minute to race time competitors will be directed to stop rowing, followed shortly by a call to 'sit ready'. The start sequence will then begin, and competitors will see the following appear of their screen:

2000 This is the first screen that will show on your machine's :00.030 1. monitor. Sit ready 2000 -0 ⅓ Followed pretty quickly by this one. 2. There is a random time delay of one to two seconds between Attention and ROW Attention 2000 ... 0 % Begin rowing when **ROW** is visible on your screen. If :00.030 3. you start early the timing system will false start you.

During the race your screen will look like this:

button to reach your desired units.  Under the thick line the monitor will display:	1530 m   32 % 1:42 % % % % % % % % % % % % % % % % % % %	
The rower in first place	1 Rob Waddel +23m 4 Steve Redgr + 9m	
The rower ahead of you	5 Dick D. 6 Pete D12 m	
,	O PECE D12 m	
	Under the thick line the monitor will display:  The rower in first place	

If your machine becomes disconnected from the timing system DO NOT STOP ROWING – after about 10 seconds your monitor will display "**KEEP ROWING**" at the bottom of the screen.

All data is retained on the monitor – your time will be recorded and entered manually into the race timing system.

Remain at your machine until all competitors in your start group have completed the event and you have been directed to leave the Competition Zone by an event official.

Wipe down your machine with the cleaning products provided when you have finished your event.

#### **Cool Down**

Competitors may use the warm-up machines to complete a cool down. Priority must be given to athletes warming up for their races.

## **RESULTS & WINNERS**

Overall category winners will be announced at the venue after the conclusion of the event. Results will be available from the Rowing SA Website - <u>HERE</u>
