**Dear Rowing SA Community,**

Rowing SA will be undertaking a comprehensive review and update of its By-Laws over the first half of 2026.

This is an important opportunity to ensure our governance framework remains clear, current and reflective of the needs of our rowing community – clubs, schools, volunteers, officials, coaches and athletes.

We welcome your input, feedback and involvement in this project.

Please complete the short survey below if you would like to:

- Share your views on the current By-Laws
- Highlight any gaps, issues or improvement ideas
- Express your interest in being involved in the review process

The survey will help us understand who wishes to be directly involved as well as gather early feedback to inform the review.

Thank you in advance for helping shape this document.
